NEWBRO'S HERPICIDE SAVES WORRY, SAVES MONEY, SAVES THE HAIR

If you want to free your head of dandruff and stop falling hair, you must sooner or later resort to Newbro's Herpicide.

By using Herpicide first you save yourself worry, which is desirable, you save money, which is a consideration, and you save your hair, which is the most important of all.

Why not profit by the experience of Mrs. S. A. Lee, of 119 South 4th St., Richmond, Va., who writes:

"Four years' residence in India ruined my hair until it was but two inches long and very thin. I tried everything in Europe and America without benefit until I was induced to use Herpicide. My hair is now long, soft and silky and natural color, while before it was quite gray. My friends never tire of admiring my hair."

Mrs. Lee's story is a typical history of hair troubles. After everything else fails Newbro's Herpicide brings relief. It would be just as effective if used first.

Newbro's Herpicide makes the accumulation of dandruff impossible and prevents falling hair. It stops itching of the scalp almost instantly. No matter what the claims of others, Herpicide is the only "genuine original dandruff germ destroyer."

Newbro's Herpicide in 50c and \$1.50 sizes, is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications at good barber shops. Send 10c for sample bottle to The Herpicide Co., Dept. R., Detroit, Mich.

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixture at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.—Adv. 874.
